- Completed first two years of Mechatronic Systems Engineering (2013-2015)
  - Intent of completion of the dual degree program – graduation in 2018
- Cansbridge Fellow '16
- Dean's Honour List (2013-2015)
- Recipient of Husky Energy Dependent Scholarship (2013-2015)
- Loran Scholar '13 – Canada's most prestigious scholarship program (\$100,000)

## EXPERIENCE

**FairServices**, Cusco, Peru

Summer 2015

*Sports Coordinator*

- Communicated with 30 children aged 5-12 exclusively in Spanish to teach and assist with homework in Mathematics, Science, Geography, English, and Communication improving the children's grades in school
- Organized and implemented daily physical activities and nutritious snacks and meals so that the children could begin to live a healthier, more balanced lifestyle

**Western University**, London, ON

2014–2015

*Residence Advisor*

- Spearheaded building and campus wide programs such as a volleyball tournament and tutorials to create a more social yet academically focused place for first years to live resulting in a more enjoyable year overall as indicated in experience survey results
- Completed administrative tasks (program reports, log sheets, etc.) weekly to effectively monitor and evaluate activities so future staff members could learn the strategies and activities that worked well, and those that did not

**Engineers Without Borders Canada**, Toronto, ON

Summer 2014

*Systems Change Fellow & Food Systems Distributed Team Leader*

- Inspired 15 chapters across the country to become involved with food systems within six months by having many one-on-one conversations, starting a student movement across the country to make Canada's communities more sustainable
- Analyzed information from the web and the community to develop a toolkit, an "incubating initiatives" document, and blog posts that were distributed to ~37,000 people to receive feedback to help shape the future of the food systems portfolio
